Report of School Nurse.

Mr. E. P. Freese, Supt. of Schools,
Bristol, N. H.

Dear Sir:

I herewith present my annual report as school nurse for the town of Orange:

Number of pupils examined, 15.

1 pupil was 10 per cent. underweight.

2 pupils showed defective teeth.

1 pupil had diseased tonsils.

1 pupil had defective speech.

Under the provision of the Child Health Recovery Act the town of Orange was allotted \$10.64.

One child would have been benefited by a tonsil operation. The parents were unwilling that this be done when the money was available.

One child was taken to a Lebanon dentist. The remainder of the money was reverted to the general fund to be reallocated and used elsewhere in the state.

Children were weighed and measured three times. Frequent classroom inspection was held to control skin disease and pediculosis.

The Legion Auxiliary graciously provided jellies and peanut butter for the children's lunch hour.

Cod liver oil was supplied to all the children during the winter months.

One-half pint of milk daily was supplied to five children in three families by the Federal fund during the winter.

Four calls have been made in three families including seven children.

Eleven visits were made to this school.

I wish to express my appreciation to the members of the School Board, Mr. Freese, and to the parents and teacher for their daily cooperation in the work accomplished the past year.

Respectfully submitted,

EVA M. NELSON, R. N.
